

All about Dispensing

Paris Aerosol & Dispensing Awards to feature new workshop...

The 6th edition of the Aerosol Forum, now called the Paris Aerosol & Dispensing Forum, will be held Feb. 8-9, 2012 at a new venue, the Espace Champerret, Porte de Champerret in Paris, France.

The event will feature an Innovation Workshop on Dispensing Technologies chaired by Michel Fontaine, President of the National Packaging Council (NPC). Topics covered will include "Electronic Spray Formation Systems," moderated by Nicolas Duru, Electronic Lab Manager, L'Oréal and Jay Gouliard, VP Global Strategy & Innovation, Avery Dennison.

"Which Airless Systems For Which Uses" will be moderated by Dr. Christine Lafforgue, Dermopharmacology & Cosmetology, University of Paris; Dr. Pascale Gauthier, Pharmacist, Clermont-Ferrand Pharmaceutical Faculty; and Osnat Lustig, VP Packaging Development, Coty Europe Beauty. Prior to the workshop, Gérard Perrin of Quadpack will discuss airless technologies.

"Trigger Systems For Aerosols" will be moderated by Xavier Camidebach, European Sales & Marketing Director, Precision and Michel Fontaine, NPC. Luis Mondragon, Global New Business Development Director

Perrin

for the Home & Garden Strategic Business Unit at MWV will share insights on trigger sprayers prior to the roundtable discussion.
